12 October

10:00-11:30pm CEST webinar

***Title: Europe Energy Transition:
a balancing act between securing energy and net zero targets***

12 October, 10.00-11.30pm CEST webinar

Europe Energy Transition: a balancing act between securing energy and net zero targets

Introduction and moderation

Karina Litvack – Chairman, Climate Governance Initiative; Chairman, Sustainability & Scenarios Committee Committee, ENI

Recent dynamics in European energy markets and board perspectives

Has Europe's focus on the energy transition caused, or exacerbated, the current energy security crisis ? What are the drivers? What are the right policies?

- **Werner Schnappauf** – Chairman of the German Council for Sustainable Development
- **Lucyna Stanczak-Wuczynska** – Chair Chapter Zero Poland Board Director

From ambition to action: how are strategies adapting? moderator **Silvia Stefini** – Chair Chapter Zero Italy

(Intro by Video): **Monica De Virgiliis** – Chair Chapter Zero France and Chair of Snam (Italy, gas transportation)

- **Renato Mazzoncini** – CEO **A2A** - Multiutility - electricity & heating (Italy): an example of net zero plan and opportunities to accelerate the energy transition in the Italian market
- **Marco Tonegutti** - BCG Regional Leader Energy Practice – “Industrial Decarbonization Pact” discussing the implication of energy crisis to industrial companies with testimonials from industrial/hard-to-abate sectors
